## *GLI Rising Leaders Salon Series*

The GLI Liberty Network was founded in 2022 "to restore liberty and the free exchange of ideas." A core of GLI is the Rising Leaders program to educate, mentor, network, and empower outstanding young people in early-stage careers in policymaking, finance, journalism, business, law, academia and beyond. We are populating leadership positions in private and public sectors with bold young leaders committed to freedom.

The GLI Rising Leaders Salon Series serves as a cornerstone initiative in expanding and activating this network by hosting curated, intimate gatherings designed to broaden connections and influence of the Rising Leaders. By cultivating personal bonds among ambitious young conservatives and creating direct liaisons with preeminent established leaders, the evenings prioritize regional and international networking, substantive career support, and ultimately generate the next generation of thought leaders and policymakers.
